January 2014

## HAPPY NEW YEAR!!

Well here we are in 2014 and in the second half of the season, both teams are holding on in the top half of their tables, with the 1st team sitting nicely in 4th place in North League and the 2nd team sitting firmly in 4th place in Berkeley 2.

This is great news for BAC, but let's not stop here, let's aim higher!! With that in mind, please (for those without other commitments) come to training (I know I harp on all the time, but it's important) each week, training as a team helps you play better as a team come match day means more goals more points and a higher position in your leagues. As ever if there is anything you wish to do at training that you think will benefit your game, then speak to your captains who will sort it out with Doug.

Although both teams are doing well, we still need more committed players to come and join the BAC 'family', so I will be handing out more posters in the next week or so to put up where you see fit. We did carry out a leaflet drop in November around the Little Stoke area and we have also targeted the UWE and MOD Abbeywood with leaflets and posters, but we would like to go further afield. So if you would be willing to post some leaflets in doors in your neighbourhood, then please contact me (Sally) and I will provide you with the all that you need.

Also in conjunction with England Hockey, we will be running some back to hockey days between April and September 2014, to encourage new committed players, a try before you buy if you like. More details about this will be circulated sooner, we will need the support and commitment of the WHOLE club to make these successful. ## MOTM PRIZE OF THE MONTH

For the 1st team, the MOTM prize of the month this month goes to Bish, from the BAC v Wootton Bassett match. She won a signed photo of the previous weeks MOTM winners Tinny & Sally. Bish was made up with the prize and we are told it is now hanging in a special place where she can admire it!!

The 2nd team MOTM prize of the month is a difficult one, we at newsletter headquarters have heard a rumour of DOG BISCUITS being given out, but we don't know who too or when, it's a better kept secret than the KFC secret recipe.

SO instead we are show casing Leanne for her commitment to playing even though she has a sprained back and could hardly walk!
